Dear Dr. Mario Ligozzi

The pediatric dept. of Mekane Hiwet Hospital has been fortunate to receive a consignment of medicine from your association to help us meet some of the problems that the dept. faces . On behalf of the dept. of pediatrics I would like to thank you for the effort and time you have given this project and the members of the association for their humanitarian efforts and we hope that the concern they have shown will continue in the future and strengthen our budding relationship.

Sincerely

Dr. Michael Ghebrehiwet
Director of the hospital
